I will send this interim release, but just a reminder, I sent an email to you regarding this request on October 1, 2014, regarding clarification and the new date he is in agreement to extend his request to end of month, he wants information by 10-31-14.

I am in communication with him for a possible file review. But he has not responded on the date to do the review – tentative 10-23/24 – 14 for a file review. EN has a lot of records.

Thank you,

This first partial response was a referral to the FOIA Online Module on 10/09/2014 and the response cleared Superfund Division on the same day. Could we please notify Leticia of the new target date of 12/15/2014, so that she can update the system?
Thank you.
